BRIDGERLAND
TECHNICAL COLLEGE

BRIDGERLAND
TECHNICAL COLLEGE

The *mission* of the Bridgerland Technical College is to deliver competency-based, employer-guided career and technical education to both secondary and post-secondary students through traditional and technology-enhanced methodologies. This hands-on technical education provides occupational education, skills training, and workforce development to support the educational and economic development of the Bear River Region.

Changing lives…one student at a time!

What's Inside?

FINDING SOLUTIONS WITH CUSTOMIZED TRAINING

CUSTOM FIT

Stretch your training budget! Save up to 40% on training costs.

Call Sterling Petersen at (435) 750-3147 or Kashlie Hamilton at (435) 750-3209.

CACHE MAKERS

is coming to Bridgerland!

Cache Makers is a community workshop where you can come to make, create, learn, & problem-solve through fun classes & events.

SHORT-TERM CLASSES
CONTINUING EDUCATION, SKILL UPGRADE, LIFE-LONG LEARNING

Short-Term courses vary in length from 10 hours to 250 hours and are offered primarily in the evening. These courses are designed to improve employment skills and/or stimulate interest in rewarding occupational programs.

Refund Policy:
100% will be refunded up to five working days after the first scheduled class, and none thereafter. For courses with lengths less than five days, 100% will be refunded prior to the beginning of class and none thereafter.

Late Fee:
$25 after the first day of class.

Registration begins **December 4 at 7:30 am**; no pre-registration will be accepted. Registration is held quarterly on a first-come, first-serve basis; and payment is due at time of registration. Register at least one week before class begins. Seating is limited!

ONLINE REGISTRATION

Prepare for registration by creating your online account. Step-by-step directions are found at my.btech.edu. Already have an account? Login to my.btech.edu and start registering. It's that easy!

IN-PERSON REGISTRATION

The College will open at 7:30 am on the first day of registration.

IN-PERSON REGISTRATION HOURS

Logan (Main Campus)		Brigham City

BASIC SKILLS & COMMUNICATION

OPEN-ENTRY/SELF-PACED

Open-entry/self-paced courses are individualized and available for registration any time if openings exist. Students work through modules designed to master course material. An instructor is available to provide feedback and help you through the learning process. *You may need to enroll for more than one session in order to complete the course depending on your rate of progression.*

ENTRANCE EDGE
Learn the academic skills needed for success prior to entering the program of your choice.
Logan & Brigham City

ESSENTIAL EDUCATION
Upgrade or refresh your educational skills in reading, English, math, spelling, and more. A pre-test is used to determine placement.
Logan & Brigham City

GED TEST PREPARATION
Prepare to pass all four parts of the GED test – or only work on the sections you need!
Logan & Brigham City

OTHER TEST PREPARATION
Prepare for the ACT, ASVAB, POST, ACCUPLACER or other tests.
Logan & Brigham City

Flexible Hours
Students will choose to attend 10 to 80 hrs per month (10 hr increments).

•Logan•
Contact Sean at 750-3238 for a start date. The lab is open Monday - Thursday 8 am to 8 pm and Friday 8 am to 4 pm.
M - F   Arranged $48* (4 weeks)

•Brigham City•
Contact 237-0994 for a start date. Lab is open Monday through Friday 8 am to 12 noon.
M - F   Arranged $48* (4 weeks)

JOB SEEKING SKILLS WORKPLACE RELATIONS
Jump into your dream job with important communication and workplace readiness skills. These courses have online components.
Logan & Brigham City

FUNDAMENTALS OF MATHEMATICS (MATH 800 SKILLS)
Prepare for college-level mathematics. Start date and schedule is arranged with instructor. Please call 750-3165 (Logan) or 237-0994 (Brigham) for details.

Logan Main Campus & Brigham City

ACDM 0102	Open-Entry	Arranged	Arranged	$48 (4 wks)*

GED MATH (MATH 880 SKILLS)
Gain or refresh the necessary math skills for the GED Mathematical Reasoning Test. Please call 750-3165 (Logan) or 237-0994 (Brigham) to arrange start date and schedule for open-entry/self-paced course.

Logan Main Campus & Brigham City

ACDM 0102	Open-Entry	Arranged	Arranged	$48 (4 wks)*

*Text and/or supplies may be required   *Text and/or supplies may be required

ALGEBRA FOUNDATIONS (MATH 950 SKILLS)

Learn or review basic concepts necessary for success in algebra. Please call 750-3165 or 237-0994 to arrange start date and schedule for open-entry/self-paced course.

Logan Main Campus & Brigham City

ACDM 0102	Open-Entry	Arranged	Arranged	$48 (4 wks)*

Logan Main Campus

ACDM 0101 01 LC	Jan 16 - March 15	Tu Th	3-4:50 pm	$166*

ELEMENTS OF ALGEBRA (MATH 990 SKILLS)

Gain beginning algebra concepts and skills to prepare for university-level coursework. Full course fulfills the math requirement for the Fire & Rescue Services certificate (short-course does not). Please call 750-3165 or 237-0994 to arrange start date and schedule for open-entry/self-paced course.

Logan Main Campus & Brigham City

ACDM 0102	Open-Entry	Arranged	Arranged	$48 (4 wks)*

COLLEGE MATH PREP (MATH 995 SKILLS)

Acquire and apply introductory algebra skills for the workforce. Gain the skills you will need to succeed in college mathematics. Math 990 or Math 995 will fulfill the math requirement for the Firefighter RCA certificate. Please call 750-3165 or 237-0994 to arrange start date and schedule for open-entry/self-paced course.

Logan Main Campus & Brigham City

ACDM 0102	Open-Entry	Arranged	Arranged	$48 (4 wks)*

COLLEGE ALGEBRA (MATH 1050 SKILLS)

Covers precalculus topics and some basic trigonometry with emphasis on math placement test preparation. Succeed in math with small class sizes.

Logan Main Campus & Brigham City

ACDM 0102	Open-Entry	Arranged	Arranged	$48 (4 wks)*

WRITING (ENGLISH 990 SKILLS)

This is a preparatory class for students who want to further their writing skills before entering Bridgerland Tech programs or university classes, enabling them to perform at a more proficient level in their desired fields. Please call 750-3165 or 237-0994 to arrange start date and schedule for open-entry/self-paced course.

Logan Main Campus & Brigham City

SPANISH - BEGINNING

Learn to write, read, and speak Spanish. Students do not need any previous experience with Spanish. Questions? Email spanish@btech.edu

Logan Main Campus

ACDM 0113 02 LC	Jan 9 - April 17	Tues	5:30-7 pm	$99*

SPANISH - INTERMEDIATE

Continue to improve your Spanish skills. Learn to write, read, and speak Spanish. Students should have successfully completed Beginning Spanish or have equivalent Spanish experience. Questions? Email spanish@btech.edu

Logan Main Campus

ACDM 0114 02 LC	Jan 10 - April 18	Wed	5:30-6:30 pm	$87*

SPANISH - ADVANCED

NEW!

Advanced Spanish skills. Students should have successfully completed Intermediate Spanish or have equivalent Spanish experience. Questions? Email spanish@btech.edu

Logan Main Campus

ACDM 0115 02 LC	Jan 10 - April 18	Wed	6:40-7:40 pm	$87*

SPANISH FOR MEDICAL PERSONNEL 1

This course is designed to bridge communication between medical personnel and their Spanish-speaking patients. (Students should have successfully completed Beginning Spanish or have equivalent Spanish experience. Recommended concurrent enrollment in Intermediate Spanish.)

Logan Main Campus

ACDM 0104 02 LC	Jan 17 - March 14	Wed	7:45-9 pm	$59*

GED & ACT PRACTICE TESTS

Are you ready for the GED test? Try all four sections for just $10.
Need the ACT? Try the ACT practice for $10.
Free for registered Academic Learning students (one free test per month).

Logan		**Brigham City**	
Every Tuesday	2 pm or 6 pm	Every Tuesday	10 am
Every Thursday	2 pm or 6 pm	Every Wednesday	9 am

Other times are available by appointment. For more information, please call Sean at (435) 750-3238 or (435) 237-0994 (Brigham). Evenings: (435) 750-3104.

MATH PLACEMENT TEST HELP (MPT)

There are two options for students who want help reviewing math for the math placement test (a test used by USU and other universities).

Math Placement Testing

For dates and times email *testing@btech.edu* or visit *btech.edu*

Option 1: Self-Paced with Tutoring Lab
Review your math more completely for that next test. At $48 for 4 weeks, you decide when you want to start! Gain access to the lab, tutors, and courseware.

Option 2: Short-Term Classes
See this schedule for individual lecture-based classes.

*Text and/or supplies may be required

—— AMERICAN SIGN LANGUAGE ——

AMERICAN SIGN LANGUAGE (ASL) 1 – BEGINNING

This class is appropriate for students with no prior knowledge of ASL or for students who know a few signs and want to learn more of the grammar and usage of ASL. It is also a great class for parents wanting to learn basic signs to use with their babies/children or for professionals wanting to learn to communicate with Deaf clients in the workplace. High school juniors and seniors may also enroll in ASL classes to earn foreign language credit. Questions? Email asl@btech.edu.

Logan Main Campus

ASLA 0101 02 LC	March 5 - June 1	M W F	8-9:45 am	$269*

AMERICAN SIGN LANGUAGE (ASL) 2 - INTERMEDIATE ASL 2

This course is for students who have completed ASL 1 with a B or better. We will focus on receptive skills, expressive skills, Deaf culture, and grammar rules. High school juniors and seniors may also enroll in ASL classes to earn foreign language credit. Questions? Email asl@btech.edu.

Logan West Campus

ASLA 0102 03 LC	Jan 16 - May 24	M Tu Th	8-9 am	$269*
ASLA 0102 04 LC	Jan 8 - May 2	M W	6-8 pm	$269*

BUSINESS

SELF-PACED BUSINESS COURSES

◀ DRAFTING/CONSTRUCTION

CABINETMAKING (BEGINNING)
This continuing education class is designed to teach the fundamentals of the art of cabinetmaking. Safe and proper use of shop tools and machines will also be part of the instruction. Previous experience is not necessary but can be helpful. Students will design, plan, layout, and construct a cabinet of their choice, as approved by the instructor. Each process, from the cabinet design to the finished product, will be demonstrated and closely monitored by the instructor to ensure a successful experience. Questions? Contact David Wimpy at dwimpy@btech.edu.

Logan Main Campus

CABM 0101 03 LC	Jan 9 - Mrch 15	Tu Th	6-9 pm	$139*

CABINETMAKING (INTERMEDIATE)
Design, plan, layout, and construct a cabinet **of your choice** (and approved by the instructor). This intermediate continuing education class has been developed for those who have previously taken the Beginning Cabinetmaking class. The focus of this class will be to further develop the student's cabinetmaking skills by utilizing the competencies already learned in the Beginning Cabinetmaking class. Questions? Contact David Wimpy at dwimpy@btech.edu.
Prerequisite: Beginning Cabinetmaking

Logan Main Campus

CABM 0102 03 LC	Jan 8 - Mrch 21	M W	6-9 pm	$139*

CABINETMAKING (30-HOUR LAB)
This cabinetmaking lab is designed for **experienced** cabinetmaking students wanting to work on their own to finish projects or develop new small projects. This lab will have limited instructor involvement and will require the student to observe safety practices as previously instructed. The student will have to pass the safety test and a **schedule of attendance must be worked out with the instructor.** Questions? Contact David Wimpy at dwimpy@btech.edu.
Prerequisite: Beginning Cabinetmaking

Logan Main Campus

CABM 0103 03 LC	Jan 8 - Mrch 21	M - Th	6-9 pm	$70*

APPRENTICESHIP
The apprenticeship program is composed of two parts: (1) on-the-job training provided by a sponsor who exposes the apprentice to practical applications in all phases of a particular craft, and (2) classroom-related instruction designed to provide the apprentice with knowledge of theoretical and technical aspects of their craft. Total completion of an apprenticeship program will take up to four years, depending upon the craft. Classroom related instruction occurs fall and winter quarters. ***Assessment must be passed prior to first year students enrolling.*** Classes are held either Monday/Wednesday or Tuesday/Thursday evenings from 6-9 p.m. January 3 - April 24 for $310. Questions? Call (435) 753-6780.

CODE UPDATES
The following code update classes focus on the state and local building codes and will satisfy the continuing education requirements for trade and contractor licensing. Partial funding has been applied by the Division of Occupational & Professional Licensing from the 1% Surcharge Funds on most of the courses.

Contractor Seminar
2015 International Energy Code (3 hours core) Instructor: Chris Jensen Breakout sessions throughout the day featuring information new and existing technology within the building industry. Vendor exhibits all day long for information about energy saving and green building. Representatives from the concrete, window, electrical, plumbing, painting, and insurance industries will be on-hand to answer questions and provide information.
(Approved by state of Utah for 3 core and 3 professional hours of Contractor Continuing Education)

HEARTCODE ACLS (Advanced Cardiac Life Support)

Students get realistic patient scenarios through eSimulation technology and are presented with ten ACLS scenarios and a written exam. Students will be required to assess each patient, formulate a treatment plan based on ACLS guidelines, and provide treatment. At the successful completion of the online portion, students will be required to schedule a skills practice and testing with a Bridgerland ACLS instructor. Students will have 30 calendar days to complete this course (both the online and the skills components).

➡️ **ONLINE**

EMSR 0105	Online • Registration ongoing	$195

HEARTCODE PALS (Pediatric Advanced Life Support)

HeartCode PALS is a web-based, self-directed eLearning course that teaches the skills to recognize and prevent cardiopulmonary arrest in infants and children. Featuring eSimulation technology, HeartCode PALS provides students the ability to assess and treat pediatric patients in a virtual clinical setting. Students apply their knowledge to make real-time assessments and treatment actions while completing their PALS training. HeartCode provides immediate feedback and debriefing on students' performance. Students will have 30 calendar days to complete this course (both the online and the skills components).

➡️ **ONLINE**

EMSR 0106	Online • Registration ongoing	$195

HEARTSAVER FIRST AID

This self-paced course uses interactive lessons and videos to teach you comprehensive first aid knowledge. Students will learn first aid basics, medical emergencies, injury emergencies, and environmental emergencies. This program is for anyone with limited or no medical training who needs a First Aid certification card. No skills lab required. Students will have 30 calendar days to complete this course.

➡️ **ONLINE**

EMSR 0107	Online • Registration ongoing	$45

HEARTSAVER FIRST AID WITH CPR & AED

Includes basic first aid procedures and CPR for adults, children, and infants with the use of an AED. Two-year certification through the American Heart Association. The online course requires a hands-on lab.

Register for 4FUN classes at btech.edu/students/schedule/4fun

Bring your friends and family! (Minimum 12 years of age)

BEGINNING SEWING

Learn the basics of how to create your own clothing. Sewing machine operation, layout of patterns, fabric selection, simple techniques, and basic construction methods will be covered. Students will construct one piece of clothing during the class. Equipment provided; students will need to purchase pattern and fabric.

| Jan 24 - Feb 28 | Wed | 6-9 pm | $60 |

BROW POWER & LIPS THAT WON'T QUIT!

There is power in beautiful brows and a perfect lip to pop and finish your look! Learn all the tricks to getting your brows into correct shape, color and style according to your face and eye shape. Also sharing lip secrets to achieve the perfect shade and pout!

| Jan 24 | Wed | 6-8 pm | $10 |

CABINETMAKING - See page 8

DIGITAL PHOTOGRAPHY - BASICS - See page 6

DIGITAL PHOTOGRAPHY - PORTRAIT PHOTOGRAPHY - See page 6

H.A.C. INTO THE SECRETS OF HIGHLIGHT AND CONTOUR!

Learn the placement, techniques and genius behind the hottest beauty trend – contouring! Products and tools to achieve your desired glow will be covered by local makeup artist, Emily Brodock.

| Jan 31 | Wed | 6-8 pm | $10 |
| Feb 21 | Wed | 6-8 pm | $10 |

HANDS-ON TIPS & TRICKS FOR THE PERFECT EYE!

Learn the perfect look for your eye shape and eye size. Eyeliner secrets for a smooth, sharp line and wing. This class will be a guide to the infamous smoky eye! Mascara tips that will be a game changer!

| Feb 7 | Wed | 6-8 pm | $10 |

INTRODUCTION TO WEATHER AND CLIMATE

Learn the basics of weather and climate and how it affects our daily lives. The course will begin with how the atmosphere is affected by the surface of the Earth at local scales and then expand to study of regional and global weather patterns. Concepts, such as Earth-atmosphere interactions, the hydrologic cycle, climate patterns, and weather observations and forecasting will be covered. Weather permitting, some class lecture will be held outdoors to integrate real-life situations to relevant course material. In addition, students will conduct short weather observations daily and compare observations . Students can take what they will learn in this course to assist in their daily lives, whether for gardening, doing construction outdoors, traveling, or planning an outdoor event, the weather is an important factor in our daily lives, but it also can become an enjoyable past-time.

| Jan 23 - March 1 | Tu Th | 3-4:30 pm | $70 |

KNITTING (BEGINNERS/INTERMEDIATE)

In this class students will have 12 hours of class time with plenty of one-on-one help to learn the basics of knitting: cast on, counting stitches, knit, purl, counting rows, and cast off. Students can choose to make a scarf, boot socks/cuffs. Class size is limited to maximize the amount of personalized instruction each student will receive from the instructor, a master knitter who designed and knit her own wedding dress! Students will need to purchase knitting needles and yarn for their projects. Details will be provided the first day of class.

| Jan 9 - March 27 | Tues | 6:30-8 pm | $45 |

LET'S GET ORGANIZED

Come learn the principles behind all the methods of organizing with professional organizer Janelle Simmons. In this two night course, you will learn what it means to be organized and see practical applications so you can apply it in your own life. If you have struggled getting organized, this is the course for you!

| Jan 11 & 18 | Thurs | 7-8:30 pm | $20 |
| March 7 & 14 | Thurs | 7-8:30 pm | $20 |

OPEN SEW LAB

Need the space, equipment and time to complete some sewing projects? Come sew with us in our new sewing lab featuring cutting tables, new sewing machines, and sergers! Quick, simple projects for bags, joggers, or home décor items will be available or you can simply work on unfinished or new projects that you would like to tackle. Instructor will be available for assistance with equipment and projects.

| Jan 23 - March 13 | Tues | 6-8 pm | $60 |

PHOTOSHOP • WHERE DO I BEGIN? - See page 7

PROFESSIONAL WRITING WORKSHOP

There are more ways to earn money writing than ever before: novels, screenplays, vlog scripts, fan fiction, SEO and blog articles, etc. It's all about *content!* This 9-week class focuses not only on basics like character development, plot outlines, and powerful metaphors, but also the business of writing, new technologies, online publishing, self-promotion, and what transforms a hobby into stable income. Chris Heimerdinger has published over 20 books, including self-published novels and ghostwriting, writing and directing a feature film, selling over 2,500,000 copies locally and nationally.

| Jan 30 - March 27 | Tues | 6-8 pm | $105 |
| Jan 31 - March 28 | Wed | 6-8 pm | $105 |

WELDING • BLACKSMITHING - See page 10

CELEBRATING 20 Years OF NURSING EXCELLENCE

In 2017, the Bridgerland Technical College Nursing Program proudly completed its 20th year of excellence in nursing education. Our 20-year NCLEX-PN Nursing Board Exam Pass Rate for all Bridgerland Nursing students is near perfect at 99.4 percent. The program has produced over 780 nurse graduates providing a significant proportion of the local nursing workforce. However, the real measure of our achievement is in our individual students' successes. Read more about our student highlights at btech.edu/blog.

435.753.6780 (Logan - Main) • 435.734.0614 (Brigham City Branch)

Advancement in technology has revolutionized Career and Technical Education (CTE). The world and economy have dramatically changed. Businesses move faster, respond to change quicker, and need people with skills who can create and innovate. The educational super highway is a pathway to success with on/off ramps and meaningful destinations. "Stackable credentials" allow for education that is unduplicated, cost effective, relevant, and aligned specifically to what the workforce needs. Find success in the new economy by developing a career plan with a student advisor at Bridgerland Technical College.
