What Do You Get from the Code to Success Program?

Students who graduate from the Code to Success program get credit for three courses in the Web and Mobile Development program at Bridgerland. The three courses are Web Essentials (90 hours), Client-Side Scripting (90 hours), and Advanced Client-Side Scripting (90 hours). These credits give students a jump-start on the Web and Mobile Development program. Students will also receive a Certificate of Completion from the Code to Success program to add to their resume.

Completing Code to Success + Web and Mobile Development Program at Bridgerland

Upon completion of Code to Success Students will have a head start in the Web and Mobile Development program at Bridgerland. While students are attending high school, the Web and Mobile Development program is free, a value of $2,300. Once completed, the Bridgerland Certificate of Completion enables students to earn up to 30 credit hours at USU through the Pathways Program, a savings of over $9,500.

Students who complete these courses will have valuable, in-demand skills to help them in college courses and life. Students who complete the program at Bridgerland typically can gain employment varying from $18 to $23 an hour. The skills obtained provide a significantly more rewarding and higher paying experience than a simple fast food job during college.

Just Graduated or Just About to?

If a student has just graduated from high school or is about to, there are scholarships available to help complete the Web and Mobile Development program at Bridgerland.
