PROGRAM: \_\_\_\_\_ SUSPENSION

The mission of Bridgerland Technical College is to provide competency-based education preparing students for success in their chosen career. In order to accomplish this mission, reasonable standards for measuring successful student progress must be met. These standards are applied to all students and are consistent requirements for program completion.

Despite our efforts to assist you in meeting satisfactory progress, your performance has not met the College standards. As a result, we regret to inform you that are suspended from the program effectively immediately.

If you have questions or concerns regarding this matter, feel free to visit with your program department head. We wish you well in your future endeavors.
