Pell Grant Eligible Programs

In order for an otherwise eligible institution to participate in Federal Student Aid (FSA) programs it must provide at least one eligible program. A program may be considered eligible if it provides a required number of hours, is offered during a required number of weeks, leads to a certificate, and prepares students for gainful employment in a recognized occupation. Not all programs at an eligible institution qualify as eligible programs.

Note: Students with a Certificate Seeking enrollment objective may qualify. Students whose enrollment objective is Personal Interest, Online, Job Upgrade, or Short-term do not qualify.

The following programs at Bridgerland Technical College have been approved for FSA purposes. Terms and exceptions may apply; see below for more information. **Students enrolled as Certificate Seeking in the following programs may be eligible to receive the Federal Pell Grant for the hours indicated (   ):**
