

OVERVIEW OF GUIDELINES FOR BRIDGERLAND TECHNICAL COLLEGE

Focusing On Saving Lives and Livelihoods

Derived from State of Utah Phased Guidelines for the General Public and Businesses and Bear River Health Department Guidelines

**** ALL SYMPTOMATIC EMPLOYEES, STUDENTS, AND GUESTS SHOULD STAY OFF CAMPUS ****

HIGH RISK

- Campus closure(s) as directed by the state of Utah and/or Bear River Health Department with limited access approved by the President.
- Students, faculty, and employees engage in virtual-only activities and classes (where applicable).
- Group sizes reduced to maximum of 10 persons utilizing social distancing guidelines.
- Eliminate unnecessary travel; utilize virtual meetings, conferences, workshops, and training sessions.
- No third-party events.
- Campus services suspended (i.e., Cafe, program services, HelpDesk, weight/cardio rooms, etc.)
- Increased cleaning/hygiene regimen.

MODERATE RISK

- Virtual classes and activities continue (where possible).
- Limited scheduled on-campus activities.
- Group sizes reduced to maximum of 20 persons utilizing social distancing guidelines.
- Symptom screening, social distancing, and universal health precautions utilized.
- Documented access for incident monitoring and contact tracing.
- High traffic floor markings.
- Remote work accommodations continue for high-risk employees (where possible).
- Eliminate unnecessary travel.
- Signage throughout buildings promoting social distancing and universal health precautions.
- Increased cleaning/hygiene regimen.
- Face coverings encouraged.
- Drinking fountains and food services remain closed.
- Bookstore purchases mailed and/or curbside pickup.
- No third-party events.

LOW RISK

- On-campus activities and classes limited to small groups (i.e., 50). Varied access schedules may be required.
- Symptom screening, social distancing, and universal health precautions utilized.
- Document access for incident monitoring and contact tracing.
- Remote work accommodations provided to high-risk employees where possible.
- Limit travel.
- Face coverings encouraged.
- Signage throughout buildings promoting social distancing and universal health precautions.
- Stagger customer serving and seating protocols consistent with restaurant guidance.
- Drinking fountains open with increased sanitation
- Package food in containers that do not need to be returned.
- Increased cleaning/hygiene regimen.
- Campus services resume following current health and safety precautions.
- No third-party events.

“NEW” NORMAL

- On-campus activities operate within regular safety guidelines.
- Maintain normal room and building capacities.
- Travel restrictions lifted; avoid areas of high transmission.
- Increased cleaning/hygiene regimen.
- Campus services resume.
- Third-party events considered.
- Incident monitoring and contact tracing.

Students/Faculty can return following illness once one of the following criteria is met:

- 72 hours after all symptoms resolve AND 10 days from when symptoms began
- Proof of a negative COVID test
- 72 hours after resolution of symptoms with an health provider note of an alternative diagnosis (i.e., strep throat)
