American Sign Language (ASL) Logan West Campus	**ASL I** <mark>First & Third Trimesters ONLY</mark> <mark>First Semester ONLY</mark> Introduces students to American Sign Language and teaches the basic structure, vocabulary, and grammatical rules of the language. Students will learn about Deaf culture and will become proficient in fingerspelling, facial expressions, and basic conversational/cultural skills required to converse with Deaf individuals. **ASL 2** <mark>Second Trimester ONLY</mark> This course is for students who have completed ASL 1 with a B or better. We will focus on receptive and expressive skills, Deaf culture, and grammar rules. Students will need access to the internet to complete assignments and quizzes outside of class.		None	X		X		Valid, appropriate e-mail address required.	12:30-2:30	None
Animal Sciences Logan West Campus	**Veterinarian Assistant/Pre-Vet Tech** – Learn animal nursing, emergency care, veterinary terminology and anatomy. Introduces skills needed to keep animals healthy and to nurse them when they are ill, including, obtaining animal health histories and records, providing specialized nursing care under the direction of a veterinarian, assisting in surgical procedures, washing, feeding, and caring for animals, understanding animal communication, behavior, and training. Veterinary assisting is a rewarding career in a growing field. Students interested in transitioning into the adult program need to successfully pass a criminal background check.	✓	**Juniors and Seniors only**	X	X	X		None	12:30-2:30	$67 – $133 Dissection kit, stethoscope, scrubs, etc. $25 Lab Supplies (per Tri/Sem)

PROGRAM & LOCATION	BRIEF DESCRIPTION	MAY REPEAT	BTECH PREREQ.	T1	T2	T3	S	E-LEARNING	AVAILABLE HOURS	FEES
Auto Collision Logan Main Campus	This fun program provides an opportunity to repair and paint modern vehicles. Instruction and hands-on experience provide experience on panels and fenders - personal vehicles are rarely allowed. Safety, environmental protection, fundamentals of collision repair, vehicle identification, estimating systems and terminology, frontal impact analysis, mechanical systems analyses, restraints, interior, glass, side/rear impact analysis, hazardous materials, personal safety, refinish safety, and corrosion protection are covered.	✔	None	X	X	X	X	None	8-2:30	$15 Lab Fee Approx. $10 Supplies (Coveralls suggested, not included in above amount)
Automated Manufacturing Logan West Campus	• Automation Technician Basics • 3D Modeling • Introduction to Industrial Robotics • Basic Workplace Safety • Basic Electrical Theory and Wiring • Fluid Power Pneumatics • Fluid Power Hydraulics • Electrical Motor Controls • Programmable Logic Controllers 1	✔	None	X	X	X	X	Valid, appropriate e-mail address required.	8-2:30	$75 for entire year (not prorated)
Automotive Service Logan Main Campus	Starts with an overview of automobile equipment and its operating systems. Emphasis will be placed on safety in the auto shop, common hand tools and equipment, and the operation of various systems. Students have the opportunity to complete minor repairs and preventative maintenance procedures on their personal vehicles. As student's progress through the curriculum, they will have an opportunity to learn ASE areas of electrical systems, engine performance, manual drive trains, automatic transmissions, steering and suspension systems, brakes, and other ASE certified areas. This course is individualized and includes extensive hands-on experiences.	✔	None	X	X	X	X	Valid, appropriate e-mail address required.	8-2:30	Approx. $30 books/safety equipment

PROGRAM & LOCATION	BRIEF DESCRIPTION	MAY REPEAT	BTECH PREREQ.	T1	T2	T3	S	E-LEARNING	AVAILABLE HOURS	FEES
Automated Manufacturing **AM STEM Academy** Broadcast to all High Schools, Logan West Campus, Brigham City Campus	• Basic Workplace Safety • Basic Electrical Theory and Wiring • Fluid Power Pneumatics • Electrical Motor Controls • Programmable Logic Controllers 1 • Automation Technician Basics • Electronics Assembly and Soldering • 3D Modeling • Microcontrollers 1 • Microcontrollers 2 • Introduction to Industrial Robotics	✔	None	X	X	X	X	Valid, appropriate e-mail address required.	7-8 AM	$75 for entire year (not prorated)
Building Technology Logan Main Campus	**Basic Carpentry** – The Building Technology Program gives the student hands-on experience in the actual construction of a home. The student will be involved in all phases from planning and estimating to foundation, framing, and finishing work. All of the classroom and building experiences are conducted by instructors who are experienced in general contracting and teaching. While the primary emphasis of this program is residential construction, certain processes found in commercial building are also covered.	✔	None	X	X	X	X	None	8-2:30	$40 refundable tool rental

PROGRAM & LOCATION	BRIEF DESCRIPTION	MAY REPEAT	BTECH PREREQ.	T1	T2	T3	S	E-LEARNING	AVAILABLE HOURS	FEES
Business Technology Logan Main Campus	Want to run your own business or work in a business career? Learn topics of your choice. Each course successfully completed will receive credit in the full-time program if enrolled within one year of graduation. Students select from the following subject(s): • Accounting I & II • Business Math • Microsoft Application Software • QuickBooks Pro (Pre-requisite of Accounting I) • Operating System Fundamentals • Online Applications • Social Media Marketing (Pre-requisite of Online Applications) • Keyboarding *High School Articulation* – Students completing business courses at the high school with a "B" grade or better may receive credit towards completion of the full-time Business Technology program.	✔	None	X	X	X	X	None	8-2:30	$0 - $120 Consumable workbooks depending on subject area
Cabinetmaking Logan Main Campus	**Beginning Cabinetmaking and Millwork** – Covers fundamentals of the cabinetmaking and millwork trade. *No previous experience or prerequisite classes from home high school are required.* Learn about wood technology, safety and machine tool use, cabinet design and layout, cabinet construction, and finish applications. Students will design and build a cabinet project of their choosing. The result will be a well-built, successful project to take home. This class will prepare students for the Advanced Cabinetmaking and Millwork course.	✔	None	X	X	X	X	Valid, appropriate e-mail address required.	8-2:30	Personal project materials Students will receive estimated costs before starting project
	Advanced Cabinetmaking and Millwork – Focuses on further development of skills from beginning course. Project work will be accelerated and introduces students to advanced cabinetry techniques such as raised panel construction, angle cabinetry, plastic laminates, millwork techniques, and kitchen designs. Prepares students for entry-level employment in a cabinet shop setting. Hours from this class can be credited towards the BTECH Adult Cabinetmaking and Millwork program (Post-secondary).	✔	BTECH Beginning Cabinetmaking	X	X	X	X	Valid, appropriate e-mail address required.	8-2:30	Project materials Students will receive estimated costs before starting project

In cooperation with

BRIDGERLAND
TECHNICAL COLLEGE

UtahState University

The IT STEM Academy program provides IT training at your high school culminating in a 900-hour skills certificate and 30 credits toward AAS degree at USU—a $12,450 value!

Students may join the program at multiple entry points during the year. IT STEM courses and labs are funded through a grant at no cost to high school students.

Year 1 Course Schedule:

- PC Professional
- Raspberry Pi I
- Python Programming OR Web Dev. Essentials
- Linux Essentials OR Mac Essentials

Year 2 Course Schedule:

- Networking Technology
- Intro. to Cyber Security
- Required courses not chosen from Year 1
- Electives:
  - Security Essentials (Prereq: Network Tech.)
  - Raspberry Pi II

These additional electives are available summers or post high at Bridgerland campuses:

- Advanced Cyber Security
- CompTIA A+ Cert.*
- CompTIA Net+ Cert.* (Prereq: Network Tech.)
- CompTIA Security+ Cert.* (Prereq: Security Essen.)
- Linux Server (Prereq: Linux Essentials)
- Ruby Programming
- Web Databases – SQL**
- Server-side Scripting – PhP**
- Client-side Scripting – JavaScript**
- Responsive Design**

* CompTIA certification exams available at discounted price.
** Web Dev. Essentials is a prerequisite for these courses.

Students can receive up to 150 hours of certificate credit for CTE/technology classes taken at their high school.

✓

PC Pro is a prerequisite for all courses.

See additional prerequisites listed with courses.

PROGRAM & LOCATION	BRIEF DESCRIPTION	MAY REPEAT	BTECH PREREQ.	T1	T2	T3	S	E-LEARNING	AVAILABLE HOURS	FEES
Interior Design Logan Main Campus	Students will be introduced to the basic steps of Interior Design, starting with a study of the multiple design styles, definitions, and details of each design style that are relevant to the interior design industry.

Students will also be instructed on Color Theory, and Elements and Principles which are the basic rules of design, and learn how to apply this instruction to projects and assignments designed to inspire creative thought and develop skills needed to be an interior designer. This training will be used to organizing and create design concepts, with visuals used for student presentations.
Students will be given hands –on design project opportunities, to show that they can apply what they have learned, and unify the concepts of design and assignment instruction into a final product.

Students may choose to create an original custom design of their own or re-design an existing design, such as a piece of furniture or artwork, while learning to manage project budgets and deadlines.
(Students must provide furniture pieces or project materials with parent/guardian approval.)

Summer course are available. | ✔ | None | X | X | X | X | None | 8-2:30 | $20 Fee (each Trimester)

$40 Fee (each semester) |
| **Machining Technology** Logan Main Campus | Do you like to create things using both your mind and your hands? Use hi-tech equipment such as lathes, mills, and CNC (computer numerical control) equipment to turn and mill surfaces to precise measurements. Advanced students will develop drawings using Computer Aided Drafting (CAD) systems and then build the parts using the CNC equipment. | ✔ | None | X | X | X | X | Valid, appropriate e-mail address required. | 8-2:30 | $10-20 supplies & workbooks

Advanced Curriculum (after first tri): $75-128 |
