<p><b>Fashion Merchandising and Development</b> Logan Campus - Main</p> 	<p><b>Fashion Merchandising A</b> - Learn the ins and outs of fashion promotion while working on a full-scale fashion show. Learn how to identify and analyze body proportions and body types to successfully select and style fashion wardrobes and accessories. Also learn marketing techniques; such as market research, advertising, and product packaging, used to develop new products in the cosmetic and fragrance industries.</p>		None	X				8 a.m. - 2:30 p.m.	\$15-\$20 consumable supply packet
	<p><b>Fashion Merchandising B</b> - Dive into the industries of men's and women's apparel and accessories by learning about specific styles and the construction details from which they're composed. Learn how fashion trends of the past have influenced the industry today, and how the heavy hitters of today's fashion design industry have found success. Try your hand at design as you go through the process of creating a collection on paper, gaining an understanding of fibers, construction, and textiles used in the production of apparel along the way.</p>		None		X		X	8 a.m. - 2:30 p.m.	\$15-\$20 consumable supply packet
	<p><b>Fashion Merchandising C</b> - Discover the countless fashion career opportunities and the techniques needed to be successful. Learn the principles of store design and color psychology used in effective visual merchandising and display, as well as the techniques used in selling products and ideas in the retail industry. You will also have the opportunity to plan and produce a full-scale fashion show while gaining an understanding of promotional event planning.</p>		None			X		8 a.m. - 2:30 p.m.	\$15-\$20 consumable supply packet

<p><b>Financial Literacy</b> Logan Campus - Main</p>	<p>Do you know where your last paycheck went? Have you asked yourself how your money can work for you? Then this course is the perfect training for you. Financial Literacy is designed to teach the basics of personal finance including the following topics: savings, budgets, debt, consumer awareness, credit bureaus, insurance, investments, retirement, savings plans, and real estate.</p> <p><i>This course meets the Utah State Office of Education graduation requirement.</i></p>		None	X	X	X	X	8 a.m. - 2:30 p.m.	\$100 (Online Book Code)
<p><b>Heavy Equipment Operator</b> Logan Campus - West</p> 	<p>This course is designed to provide an introduction to the heavy equipment industry and basic heavy equipment operation. Students will be instructed by trained operators that have been employed in the heavy equipment operations industry. Each student will receive hands-on experience with the available equipment.</p> <p>Course modules include:</p> <ul style="list-style-type: none"> <li>• OSHA 10 Hour Construction Safety Certification</li> <li>• Orientation to the Trade</li> <li>• Heavy equipment safety</li> <li>• Identification of Heavy equipment</li> <li>• Basic Operator Techniques</li> <li>• Introduction to Earth Moving</li> <li>• Determine and establish grades</li> <li>• Excavation Math</li> <li>• Operate loaders</li> <li>• Operate backhoes</li> <li>• Operate excavators</li> <li>• Operate skid steers</li> </ul>	✓	Valid Driver's License	X	X	X	X	8 a.m. - 2:30 p.m.	\$25 Fee (Optional for OSHA certification)

**Information Technology (IT)**  
 Logan Campus - West

Students may choose from the following courses when prerequisites listed are met:

**PC Professional (\$30 fee)**

- Learn foundational IT concepts, including installing, configuring, and troubleshooting PC hardware and software. Students will tear-down and rebuild a PC and laptop as part of the course.

**Networking Technology (\$30 fee)**

- Gain the skills to configure, manage, and troubleshoot wired and wireless networks.

**Security Essentials (\$30 fee)**

- Learn how to secure networks from unauthorized activity through effective security policy, authentication, and encryption.

**Cybersecurity & Ethical Hacking (\$5 fee)**

- Sample both defensive and offensive security in an introductory, projects-based course.

**Linux Essentials (\$5 fee)**

- Learn the basics of the Linux operating system, including command line, file management, and open-source applications.

**Mac Essentials (\$5 fee)**

- Learn features and techniques for navigating, configuring, and optimizing a Mac computer.

CompTIA A+, Network+, and Security+ certification is available with advanced preparation. Exam fees are extra.

<p><b>Meat Services</b> Logan Campus - Main</p> 	<p>This hands-on course prepares students to work in an entry-level meat business with excellent career opportunities and high earning potential. Students learn harvesting of beef, pork, and lamb; wholesale, retail, and custom meat cutting practices; knife care, inspection, merchandising, and public relations. This department is equipped with state-of-the-art equipment and provides an amazing environment for meat cutting training.</p>	<p>✓</p>	<p>None</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>8 a.m. - 2:30 p.m.</p>	<p>\$20 Knife Rental with \$10 refundable when returned  (Approx. \$120 to purchase)</p>

<p><b>Media Design</b> Logan Campus - Main</p> 	<p>Learn tools and techniques to develop creative internet and print materials. Develop an understanding of the current software applications and methods for design. Build a strong foundation in the diverse fields of graphic design, digital video, and multimedia design.</p> <p>Courses include:</p> <ul style="list-style-type: none"> <li>• Computer Graphic Design</li> <li>• Computer Illustration</li> <li>• Desktop Publishing</li> <li>• Web Design</li> <li>• Video Production</li> <li>• Animation</li> </ul> <p>Sequence of course delivery will be determined in a consultation between the student and/or instructor/department head.</p>	<p>✓</p>	<p>None</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>8 a.m. - 2:30 p.m.</p>	<p>None</p>
<p><b>Medical Assisting</b> Logan Campus - Main</p> 	<p>Students are prepared to become competent, entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (learning) domains. Emphasis is placed on the role of the Medical Assistant, professionalism, medical law, and communications. Content also includes infection control, basic laboratory concepts, and administration as well as clinical Medical Assisting skills.</p> <p>High school students transitioning to the adult program will be required to submit to a background check when they turn 18.</p>		<p>Medical Terminology (College Level with B or higher)  Seniors Only</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>8 a.m. – 10 a.m.</p>	<p>None</p>
<p><b>Medical Terminology</b> Logan Campus - Main</p>	<p>This class enables students to understand the language of medicine, which is based in Greek and Latin. Students learn the terminology used in medical transcription, medical assisting, nursing assisting, nursing, physical therapy, and all other health-related fields. This is a prerequisite for the Bridgerland Practical Nursing and Medical Assisting Programs and is strongly recommended for students who plan to pursue a health care career.</p> <p>(Students must earn 80 percent or higher in the course to demonstrate competency requirements for Bridgerland Programs.)</p>		<p>None</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>8 a.m. – 10 a.m. 12:30 p.m. - 2:30 p.m.</p>	<p>Approx. \$70 Book</p>

<p><b>Nursing Assistant (CNA)</b> Logan Campus - Main</p> 	<p>Students learn basic nursing assistant skills needed to work in a hospital, nursing home, or home health agency. Students prepare to take the Certified Nursing Assistant state board exam for state certification. The exam is optional and can be taken up to one year after course completion. Students must have a reading level high enough to enable them to pass the class and take the state board exam if they choose. <b>Federal and State mandate that students seeking certification must pass all course exams with 75 percent or higher. A 24-hour externship in a nursing home is a course requirement and 100 hours of training is required to receive certification.</b> Attendance policies are rigidly enforced. Students must provide their own transportation to clinical facilities. Recommended for the Bridgerland Practical Nursing Program and required for most nursing programs.</p>		<p>Must be 16 (preference given to seniors)</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>8 a.m. – 10 a.m. 12:30 p.m. - 2:30 p.m. (Semester only offered 8-10)</p>	<p>Approx. \$140-\$150  (approx. \$130 optional supplies &amp; testing fee)</p>
<p><b>Pharmacy Technician</b> Logan Campus - Main</p> 	<p>Courses cover State and Federal law for pharmacy, key concepts in the workplace, terminology, calculations, prescriptions and prescription labels, routes and formulations, non-sterile compounding, basic biopharmaceutics, as well as common drugs and their uses. A special emphasis is placed on retail pharmacy settings. Hands-on lab skills used in pharmacy will be taught in conjunction with key concepts.</p> <p><b>Students must enroll for three trimesters or two semesters.</b></p> <p>High school students transitioning to the adult program will be required to submit to a background check when they turn 18.</p>		<p>Seniors Only</p>	<p>X</p>	<p>X</p>	<p>X</p>		<p>8 a.m. – 10 a.m.</p>	<p>\$60 Lab Fee (One-time fee for school year)</p>
<p><b>Real Estate</b> Logan Campus - Main</p> 	<p>New Real Estate home ownership epitomizes the “American Dream,” and buying a home is the biggest investment most people make in their lifetime. Students enrolled in this course will be introduced to understanding the sales/marketing process, investing in real estate, and the many steps in buying and selling a home. The focus of the course also includes financing sources, customer relations, the use of advertising and the media, and careers in real estate.</p>		<p>None</p>	<p>X</p>	<p>X</p>	<p>X</p>		<p>8 a.m. – 10 a.m.</p>	<p>None</p>

<p><b>Web &amp; Mobile Development</b> Logan Campus - West</p> 	<p>Are you interested in creating and designing in digital spaces? Learn the fundamentals of coding, front-end and back-end development, and web design for various digital environments. You will also explore the areas of online marketing, photography, cinematography, freelancing, and more. You will discover and develop your own creativity and multimedia expertise through hands-on coding projects as your instructors lend one-on-one support and mentorship along the way.</p>	<p>✓</p>	<p>None</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>8 a.m. - 2:30 p.m. <b>Must register for a 2-hour block</b></p>	<p>None</p>
<p><b>Welding Technology</b> Logan Campus - Main</p> 	<p>Offers basic welding training in seven welding processes. Learn entry-level skills for production and industrial employment. Blueprint reading, welding inspection, basic metallurgy, layout, and fabrication skills are taught with hands-on welding. Basic courses are offered every trimester.</p>	<p>✓</p>	<p>None</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>X</p>	<p>8 a.m. - 2:30 p.m.</p>	<p>Supplies and workbooks approx. \$0-\$80 depending on number of courses taken</p>
<p><b>Wildland Firefighter</b> Logan Campus - Main</p> 	<p>Enjoy the outdoors? Wildland fire fighters make good money! Travel the nation exploring very remote areas while maintaining a high level of fitness, adrenaline rush, and protecting people and their property. Learn how weather, topography, and other factors influence fire behavior. Wildland fire experience and knowledge is beneficial to those interested in pursuing careers in fire management, wildlife management, field biology, ecology, forestry, or range management.</p> <p>If the student is or will be 18 years old within 1 year of finishing this course, they may certify as a Wildland Firefighter. In order to certify, they will have to pass a fitness test (walk 3 miles in 45 min with a 45 lb. pack on).</p>		<p><b>Junior and Senior Only</b></p>		<p>X</p>			<p>8 a.m. – 10 a.m. <b>Must register for a 2-hour block</b></p>	<p>\$10 Fee Approx. \$20 books/supplies</p>

**NOTE: Summer sections are from 8 a.m. to 12 p.m. unless otherwise noted. No tuition for Utah residents.**
