Medical Assisting Program  
Student Immunization Information

Students must provide proof of the following immunizations in order to attend the lab course and a practicum at area facilities.

Proof of immunizations due within the first month of the program.

Required Immunizations:

**Tuberculosis** screening. **ONE** of the following is required:
(a) 2-step TST (two separate Tuberculin Skin Tests, aka PPD tests) 
   1st test in the last 12 months and 2nd test within a month of the first day of class 
(b) One Quantiferon Gold blood test with negative result

**Measles (Rubeola), Mumps and Rubella** requirement. **ONE** of the following is required:
(a) Proof of two MMR vaccinations, OR 
(b) Proof of immunity: Rubeola, Mumps, AND Rubella Titers (blood test) with “reactive” result.

**Tdap** requirement:
(a) Proof of one Tdap vaccination within the past 10 years.  
(b) If Tdap is more than 10 years old, student will need additional Td or Tdap.

**Varicella (Chicken Pox)** requirement. **ONE** of the following is required:
(a) Proof of two Varicella vaccinations, OR 
(b) Proof of immunity: Varicella Titer (blood test) with a “reactive” result.

**Flu** Vaccination requirement:
(a) Proof of current influenza vaccination from September 1 – April 30

**Hepatitis B** requirement: **ONE** of the following required:
(a) Documentation of two or three-series Hepatitis B vaccinations AND a Hepatitis B Surface Antibody Titer (blood test) with “Reactive” result. (Individuals with “non-reactive” or “gray Zone” results will need a Hep B booster), OR 
(b) Hepatitis B Surface Antibody titer with “Reactive” result.

**Covid-19** vaccination requirement dependent upon type of vaccine. Completion of one or two vaccinations given at the recommended intervals along with the required booster:
(a) Proof of two (2) COVID-19 vaccinations. (Pfizer or Moderna)  
(b) Proof of one (1) COVID-19 vaccination. (Johnson and Johnson) 
(c)Proof of Covid booster vaccination

*Any titer with non-immune or gray results will need a Booster shot(s) or repeat of the series

Recommended immunizations suggested by the CDC and the state health department: **HPV, Meningococcal and Hepatitis A.** Consult your provider to make an informed decision.
