

BRIDGERLAND TECHNICAL COLLEGE

ANNUAL CAMPUS SECURITY AND SAFETY REPORT

Bridgerland Technical College is a campus with year round classes accommodating hundreds of students, faculty, and staff. In addition to this, many guests visit the campus for a variety of special events and activities. While the campus is a relatively safe place, it is subject to many of the same problems and concerns experienced in the community in which it is located.

CAMPUS LAW ENFORCEMENT

Bridgerland has partnered with the Logan City Police Department (LCPD) in order to more thoroughly provide for the law enforcement/security needs of the staff and student population. This partnership is done by means of a Memorandum of Understanding (MOU), and annual renewal of contract with LCPD. The designated LCPD liaison (who is a sworn Police Officer) is generally available during regular school hours, and can be reached by phone 24 hours a day/7 days a week. This Officer is designated as the School Resource Officer (SRO) for Bridgerland, and is the primary point of contact for Police services and campus presence. For immediate emergency services where the SRO is unavailable, the 911 system is employed.

Bridgerland has a close working relationship with the Logan City Police Department, the Cache County Sheriff's Office, the North Park Police Department, the Smithfield City Police Department, and other law enforcement agencies throughout the state of Utah. This is primarily due to the fact that Bridgerland is a satellite Police Academy, and an in-service training site for a wide variety of law enforcement and EMS personnel.

Crime statistics and tracking (as are required by the CLERY Act) relative to Bridgerland are managed and maintained by LCPD via the assigned liaison. These will be made available to staff/students of Bridgerland in a digital as well as physical form (upon request). These are updated annually by the liaison.

The primary objective of the Bridgerland law enforcement liaison is to help provide a campus environment where students, faculty, visitors and staff feel safe to pursue a variety of career and technical education programs. To better achieve this objective, the campus community must become involved in the process.

To encourage involvement Bridgerland has taken the following steps:

- Bridgerland takes a proactive approach in the prevention and detection of criminal conduct. To enhance this ability, CCTV video are employed, as well as the physical presence of the liaison on campus.
- Training as it relates to an aggressive act of violence has been provided to Bridgerland employees via LCPD. In addition to this, Bridgerland has standardized and circulated an emergency response flipchart to help persons better navigate questions concerning natural disasters, medical condition/emergencies, animal problems, and criminal conduct.
- Bridgerland is a drug free zone (DFZ). State and Federal laws regarding illegal substance use and abuse, as well as age regulated substances are all aggressively enforced. Bridgerland does not allow alcoholic beverages to be on premises.
- In accordance with the Utah Indoor Clean Air Act, lawful users of tobacco products (includes E-cigarettes) must not use such devices/substances inside Bridgerland building(s).
- The Logan City Fire Department responds to reports of fire and medical emergencies on campus. LCPD will also assist where additional law enforcement support is requested or necessary (outside the liaison).

Bridgerland staff and students are encouraged to report criminal conduct and suspicious behavior. In addition to this, victims of criminal behavior/conduct are asked to report to the LCPD liaison in a timely manner.

Circumstances involving domestic and/or dating violence are of special concern. An LCPD Police Report will be generated, and the matter pursued depending upon the evidence and merits of the case.

If a person is the victim of a crime or is aware of a crime and does not wish to contact the police, the person may report the incident to one of the following departments/persons Bridgerland Administration:

- Vice President for Student Services.
- Bridgerland Psychologist and full time counselor.
- Any Bridgerland vice president, instructor or staff

Additionally, Bridgerland understands the potential needs of students as it relates to victim advocacy and assistance. To help address this, several organizations are listed as follows;

- CAPSA. (Citizens Against Physical and Sexual Abuse) Specializing in the needs of domestic and/or sexual assault victims and their families. Provides assistance with temporary housing, the judicial process, and personal advocacy.
- Utah 1st District Court, Cache County Court of Record (both civil and criminal). Point of contact for protective order/stalking injunction filings.
- Bear River Mental Health (BRMH). Specializing in and providing mental health services and counseling.
- BRAG (Bear River Association of Governments). Assistance in providing alternatives and possibilities for housing and utilities.

OFF-CAMPUS STUDENT ORGANIZATIONS

Bridgerland does not currently sponsor or endorse any off campus student organizations. Any particular law enforcement/security need would remain under the direction/jurisdiction of the law enforcement entity in that area.

CRIME AWARENESS AND PREVENTION PROGRAMS/INFORMATION

Crime prevention programs and information are available to Bridgerland staff/students. Primarily, these are available through the LCPD liaison in the form of pamphlets, and when necessary, personal consultation. This information will hopefully suggest better ways for students/staff to proactively protect themselves and their property as well as encourage the immediate reporting of all crimes and suspicious incidents. This information includes the following:

Protection Seminars for Women, these are hosted by our neighboring Utah State University, and are as follows:

- The USU Police Department offers the Rape Aggression Defense (RAD) program on a scheduled basis. The class is also taught for one credit through the Physical Education Department.
- The USU Police Department offers rape prevention and awareness programs, self-defense techniques classes and general self-protection awareness seminars.
- The USU office of Student Services offers the Acquaintance/Date Rape Education Prevention Program.

The Bridgerland LCPD liaison or his designee can provide a walking escort to students or employees to and from campus destinations/classrooms on Bridgerland property where such an escort is in the best interest of public safety.

Bridgerland in cooperation with LCPD, encourages student/staff awareness of the State of Utah Sex Offender Registry. This registry is an open source public sex offender file that can be accessed for the increased awareness

and protection of the public. Any violations of this registry's regulations as it relates to Bridgerland should be immediately reported to the Bridgerland LCPD liaison.

TIMELY WARNING POLICY

In the event that a situation arises involving a Bridgerland staff member or student, either on or off campus, that in the judgment of the Bridgerland administration and/or LCPD liaison constitutes an ongoing or continuing threat, a campus wide "timely warning" may be considered as a means of circulating relevant information. The warning may be issued through a variety of means to include, but not limited to, Bridgerland website, Bridgerland staff meetings, Bridgerland new student information registration, local radio, or posted flyers. Anyone with information warranting a "timely warning" should report the circumstances to the LCPD liaison or any member of the Bridgerland executive staff. Emergencies should be dispatched through the Cache County/LCPD Dispatch 911 system.

The LCPD liaison and Bridgerland administrative staff are tasked with the responsibility to determine when a Timely Warning Notice is issued, should a serious incident occur that may present an imminent and/or continuing threat to students/staff. Bridgerland will take reasonable steps to protect the confidentiality of victims when issuing a timely warning. The public disclosure of victim's identities is regulated by the Utah Government Records Management Act (GRMA).

MISSING PERSON POLICY

Bridgerland provides educational resources to both adult and juvenile students, but does not provide dormitory or housing. Should a juvenile student be deemed as "missing", the referring school (generally a local high school) will be contacted, and a law enforcement inquiry initiated. If the student is an adult, the local law enforcement protocol as it relates to missing persons will be employed. A general inquiry regarding a "missing" person can be made by contacting the non-emergency line of the Cache County/LCPD Dispatch at (435)753-7555.

VIOLENCE IN THE WORKPLACE

Unlawful acts of violence on Bridgerland property will not be tolerated. All known cases of workplace violence will be reported, documented, and subsequently investigated. Criminal prosecution may be considered depending upon the circumstances, severity, and merits of the probable cause present. Administrative disciplinary action is at the discretion of Bridgerland.

Clues to Watch for

Clues sometimes come in the forms of threats which can be classified in three categories: direct, conditional, and veiled.

Examples:

- Direct threats might be articulated as, "I'm going to kill so-and so"
- Conditional threats are connected to an action such as, "If I lose my job, then I will...(threat)"
- A veiled threat is viewed as somewhat indirect, more of an insinuation such as, "I can see why somebody would want to shoot this place up".

Reasons for the increase in workplace violence may include

- A sluggish economy
- Societal desensitization to violence Drug and alcohol addictions
- Domestic problems which carry over into the workplace

Timing of Reactions

The timing of violence may not come immediately after an employee is terminated and/or disciplined. It may occur later after a person has lost his/her final appeal. Awareness, vigilance, and good communication will be required by those still employed to help ensure the security/safety of those on campus.

Employer Methods of Defusing Potential Workplace Violence

- Extensive and thorough pre-employment screening
- Continual training for supervisors to help them detect early warning signs
- A positive attitude at work resulting in employees feeling value and recognition for their work
- Educational programs aimed at teaching staff how to respond and mitigate conflict
- Security measures to help protect the organization/campus and employees (security and/or law enforcement resource)
- Access to counseling, especially after a traumatic experience (such as termination)

SEXUAL ASSAULT POLICIES

Bridgerland prohibits the unwanted sexual advances towards any person. In an effort to assist victims of sexual assault, the following information is made available:

Procedures to follow if a sex offense occurs

Incidents of on-campus assault should be immediately reported to the LCPD liaison. If the LCPD liaison is unavailable, then LCPD dispatch should be contacted at (435)753-7555 and an officer will be dispatched. If the criminal act occurred outside LCPD jurisdiction, the complainant/victim will be assisted in being directed to the proper law enforcement authority. Victims of sexual assault do have the option of declining a report to law enforcement. Counseling and victims advocate services (such as CAPSA) are available and suggested.

Prompt reporting is helpful and even critical in cases of sex offenses. Prompt reporting better allows for medical assistance, counseling, and other support services that allow for the preservation of evidence. Victims of sexual assault are asked to do the following:

- Escape, and go to a safe place immediately and contact law enforcement (911)
- Preserve all physical evidence (Do not bathe, clean yourself, brush your teeth, wash your hands or even change your clothing)
- Use a clean jar to collect any urine
- Get medical attention and counseling as necessary

Sexual assault is a criminal offense of varying degrees. Depending on the circumstances, a perpetrator of a sex crime may be charged with anything from a class B misdemeanor to a 1st degree felony. Bridgerland will work in conjunction with LCPD to prosecute anyone who is a sex crimes offender

Bridgerland Disciplinary Actions Against Those Who Commit Sexual Assault

If a person is accused of sexual assault and the accusation appears to be valid, an investigation will be instigated by trained investigator/s. The information gathered during the investigation will be reviewed by a committee appointed by the Vice President of Student Services. The committee will determine what appropriate disciplinary action will be taken. If either the accused or the accuser disagree with the findings of the committee, a formal Grievance Request may be submitted to the Vice President of Student Services who will then convene a

Grievance Committee to hear the issue. The accuser and the accused are entitled to the same opportunities to have others present during the grievance proceeding. It is the responsibility of the Grievance Committee to hear the facts of the case, and determine the validity of the accusation. If it is determined that the accusation is valid, the committee will determine the penalty. Both the accuser and the accused shall be informed of the outcome of any institutional proceeding involving an alleged sex offense.

Sanctions may be imposed, but not limited to include probation, suspension, and expulsion.

PROHIBITED CONDUCT

As required by Title IX of the Education Amendments of 1972 and Title VII of the Civil Rights Act of 1964, Bridgerland prohibits sex discrimination in its educational programs or activities, admission, and employment. Under certain circumstances, sexual misconduct may constitute sex discrimination.

Sexual misconduct prohibited under this policy includes a range of unwelcome sexual conduct, including verbal and physical sexual harassment, sexual assault, and other forms of sexual violence, each of which is a form of prohibited sex discrimination. Other criminal behavior, such as domestic violence, dating violence, and stalking, that is generally (though not exclusively) gender-based is also considered Sexual misconduct under this policy.

SEXUAL HARASSMENT POLICY

In accordance with the Equal Employment Opportunity Commission's regulations and amended guidelines of November 1980, Bridgerland has an established policy to address sexual harassment in the workplace and classroom settings. Sexual harassment is a violation of Section 703 of Title VII of the Civil Rights Act of 1964, which holds employers responsible for seeing that this type of behavior does not occur. Title IX prohibits sexual harassment in an educational institution. Sexual harassment of any employee, student, or recipient of the services of this campus is absolutely forbidden. Anyone who feels that he/she is the victim of sexual harassment or any supervisor or manager who is made aware of an alleged incident of sexual harassment must take immediate action to resolve the matter. Any individual may contact Bridgerland Administration for advice, counseling, or clarification, leading to an informal resolution of the matter. If an informal resolution is not accomplished or is not possible, further action, including the filing of a complaint and undertaking a formal inquiry/investigation, may be taken to facilitate a resolution pursuant to this policy.

DEFINITIONS

Sexual harassment is defined under the EEOC Guidelines to Title VII as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature, when:

- submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or a student's academic success,
- submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individuals, or
- such conduct unreasonably interferes with an individual's work or academic performance or
- creates an intimidating, hostile or offensive working or learning environment.

PROCEDURES

Awareness and Prevention

In order to promote appropriate social interaction between men and women in the workplace and in the classroom, efforts will be made to sensitize employees and students to the nature of sexual harassment, including the range of behaviors associated with it, and the Bridgerland policy and procedures regarding it. This policy is available to all faculty, staff and students. In addition, Bridgerland shall conduct on-going training in the

prevention of sexual harassment and will provide additional training, with specialized focus or to specific groups upon request.

Filing a Complaint

Bridgerland has an established complaint procedure to handle all types of discrimination complaints, including sexual harassment. Bridgerland has designated the Vice President of Student Services as the official responsible for receiving and investigating complaints of sexual harassment.

Investigation of Reported Incidents

- Bridgerland will investigate all reported incidents. Bridgerland intends that the following principles will govern all sexual harassment investigations:
- Interviews may be conducted with the parties involved, supervisors, and any other employees or involved parties who may provide helpful information.
- Interviews and all other investigatory activities will be conducted with the utmost discretion and respect for the privacy of all parties. Bridgerland will attempt to maintain confidentiality throughout the investigation.

Retaliation

An individual who has been named as an alleged offender may not retaliate in any way against either the complainant or witnesses involved in investigation. Retaliation is strictly forbidden by the Equal Employment Opportunity Commission Sexual Harassment guidelines under Title VII.

Disciplinary Actions

If the investigation shows that an employee has engaged in prohibited or unlawful harassment or retaliation, appropriate action will be taken.

Consensual Relationships

Amorous relationships between a supervisor and an employee, or between a faculty member and a student are highly discouraged due to the imbalance of power that exists. The party with lesser authority or power may fear reprisal or retaliation if he/she rejects the amorous or sexual requests. Should a complaint of sexual harassment be filed, the party with the greater authority may not be able to use perceived mutual consent as the sole defense if the relationship is considered "unwelcome" by the party filing the complaint.

RESPONSIBILITY

Bridgerland Administration is responsible for receiving and investigating all complaints of sexual harassment, providing advice and counseling to employees, and protecting confidentiality to the extent possible.

Bridgerland Campus Administrators

It is the obligation of all Bridgerland administrators to guarantee the rights and dignity of employees. If they become aware of situations within their area which violate this policy, they should consult the Vice President of Student Services or his designee.

Employees are responsible for responding to perceived sexual harassment according to the guidelines in this policy. For additional assistance or clarification, employees should contact the Vice President of Student Services.

ALCOHOL AND DRUG POLICIES

Bridgerland has a strong commitment to the well-being of its faculty, staff, and students. Bridgerland policy supports a drug-free environment.

Bridgerland campus regulations specifically prohibit the possession, consuming, or selling of alcoholic beverages on campus. Campus regulations also prohibit possessing, using or selling hallucinatory, narcotic, or other controlled substance. Anyone found in violation of these regulations is subject to arrest.

The USUPD/LCPD provides D.U.I. seminars and information upon request to acquaint the student population with the effects of alcohol in the human body as it relates to driving.

An annual student orientation dealing with policies and the legal and health consequences of substance is made available during initial orientation.

Educational workshops and/or presentations on alcohol or other drug-related issues are available upon request.

SECURITY OF AND ACCESS TO BRIDGERLAND FACILITIES

Bridgerland has a variety of security measures in place. Primarily, each instructor is to be aware of the security of their immediate area (primarily classrooms or labs), then extending out into general areas. Entry/Exit to Bridgerland buildings (after hours) and certain areas within the buildings are controlled/regulated by proximity card. These access cards (basically a key about the size of a credit card) are personally issued to Bridgerland staff and designees (primarily law enforcement and EMS). This is an identifiable time stamped system allowing the tracking of use and persons in particular areas. Bridgerland also uses recordable CCTV to record persons/movement in particular areas. In addition, Emergency proximity card readers are placed throughout the school. Once triggered, these will close fire doors, lock interior doors, and contact 911. Janitorial staff are very often present in/near campus buildings, and are able to lock and secure access gates which is done on a daily basis in the evening.

Some Bridgerland instructors may arrange for students to stay in buildings after hours. With departmental approval the student is allowed to stay in the building after the normal lockup time.

Bridgerland may provide a service to individuals who need access to an area after hours. Prior arrangements are expected and requested in order to avoid an inconvenience to all those involved. Under special circumstances an officer may escort an individual into an area to retrieve his or her personal property.

SECURITY CONSIDERATIONS RELATED TO MAINTENANCE PROGRAMS

Bridgerland has a regular preventive maintenance program for the outside lighting system on campus. Periodic light surveys are completed of the entire campus. Lights that are out or in need of repair are taken care of in a timely manner. In addition, as Bridgerland janitorial staff make their regular rounds repairing infrastructure, security lights, locks, chains, and other potential vulnerabilities are corrected and/or reported. The LCPD liaison will also conduct occasional after hours patrols of the building to help ensure over-all security of the facility.

Each spring, trees and other shrubbery around campus are trimmed to keep pathways and fields of view reasonably free from obstruction.

EMERGENCY RESPONSE

The Bridgerland Emergency Operations Plan includes information about the campus response to any natural or man-made disaster or hazard that affects Bridgerland, and poses an actual or potential threat to public health and safety of the campus. Response to a regional or national crisis would be incorporated into this methodology.

This plan, while primarily local in scope, is intended to be able to support a comprehensive, national, all-hazards approach to domestic incident management across a spectrum of activities including mitigation, preparedness, response, and recovery.

Contingency plans, law enforcement practice runs, and emergency alarms (both fire and criminal) are all part of the Bridgerland approach. Bridgerland is the host to law enforcement scenario based training, to include “active gunman”. The emergency lock down alarm, as well as the fire alarm system are checked periodically to confirm that they are working correctly. These tests are often done in real time without prior knowledge, and in effect assess and evaluate the emergency plans and capabilities of the institution. Bridgerland administration, emergency responders and others who will be required to respond to emergencies have received training in Incident Command and Responding to Critical Incidents on Campus.

When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually the Logan City Police Department (LCPD) and Logan City Fire Department (LCFD). These agencies typically respond and work together to manage the incident. Depending on the nature of the incident, other local or federal agencies could also be involved in responding to the incident.

General information regarding emergency response and evacuation procedures for Bridgerland is publicized both on line (Bridgerland Emergency response booklet) and in print as part of the institution's Clery Act compliance efforts. All members of the Bridgerland Community are encouraged to notify the LCPD liaison or any Bridgerland instructor of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus.

LCPD/LCFD have the responsibility of responding to and summoning the necessary resources to mitigate, investigate, and document any situation that may constitute a significant emergency or dangerous situation. In addition, Bridgerland has a responsibility to respond to such incidents to determine if the situation does in fact pose a threat to the campus community. If that is the case, Federal Law requires that the institution immediately notify the campus community, or the appropriate segments of the community that may be affected by the situation.

Notification to the Bridgerland student body about an immediate threat could come from various sources such as: Bridgerland staff/instructors, the Bridgerland website, LCPD and/or LCFD. If an assessment is made confirming that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of Bridgerland, these entities will collaborate with the Bridgerland Emergency Manager and/or the LCPD Public Information Officer (PIO) to determine the content of the message. The Bridgerland emergency manager or a trained designee will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: CCSO, LCPD, and/or the LCFD), will compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident that poses an immediate threat to members of Bridgerland, the 911 system will be the primary means of communicating relative information quickly.

Some methods of communication maybe activated and/or compromised in the event of an immediate threat to the Bridgerland campus community. These methods of communication may include: emails, cellular phone calls, local radio, and/or bulletins placed on entrances and exits to campus buildings.

Bridgerland may provide updates during a critical incident through the Bridgerland website home page.

CAMPUS CRIME STATISTICS

The following statistics are compiled in accordance with definitions used in the Uniform Crime Reporting System of the Department of Justice and the FBI as modified by the Hate Crime Statistics Act. These statistics report the occurrence of crime on campus during the most recent full year.

The Violence Against Women Reauthorization Act ("VAWA"), which President Obama signed into law on March 7, imposes new obligations on colleges and universities under its Campus Sexual Violence Act ("SaVE Act") provision, Section 304. Those obligations which to some extent refine and clarify, and to some extent change, existing legal requirements and government agency enforcement statements likely will require revision of institutional policy and practice. Bridgerland is consulting with counsel (Attorney General assigned to UCAT and the office of Risk Management) on this complex, sensitive area of institutional law compliance.

Under VAWA, effective March 7, 2014, colleges and universities are required to report domestic violence, dating violence, and stalking, beyond crime categories the Clery Act already mandates.

CRIME DEFINITIONS

The Crime Statistics table reflects specific crimes and arrests reported to the sources identified in the Collecting Crime Reports and Statistics Procedures Section. Per the Clery Act, these crimes are classified based on the Federal Bureau of Investigation's (FBI's) Uniform Crime Reporting Handbook (UCR). For sex offenses only, the definitions are from the FBI's National Incident-Based Reporting System (NIBRS) edition of the UCR. Hate crimes are defined according to the FBI's Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Guide for Hate Crime Data Collection.

Although the law states that institutions must use the UCR for defining and classifying crimes, it does not require Clery Act crime reporting to meet all UCR standards.

This Crime Statistics Report may or may not reflect the actual number of crimes committed on campus; however, it does accurately represent the numbers of the following defined crimes reported to the aforementioned entities.

Murder and Non-Negligent Manslaughter: The willful (non-negligent) killing of one human being by another.

Negligent Manslaughter: The killing of another person through gross negligence.

Sex Offenses, Forcible: Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.

- **Forcible Rape:** The carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).
- **Forcible Sodomy:** Oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.
- **Sexual Assault with an Object:** The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

- **Forcible fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity

Sex Offenses, Non forcible: Unlawful, non-forcible sexual intercourse. Only two types of offenses are included in this definition:

- **Incest:** Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Robbery: The taking or attempting to take anything of value from the care, custody, or control, of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed.)

Burglary: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes, this definition includes: unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. For reporting purposes, this definition includes all cases where automobiles are taken by persons not having lawful access even if the vehicles are later abandoned (including joyriding).

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, the personal property of another, etc.

Hate Crimes: A criminal offense committed against a person or property, which is motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on one or more of the following actual or perceived characteristics: race, gender, sexual orientation, ethnicity / national origin, and disability. For reporting purposes, hate crimes include any of the following offenses that are motivated by bias: murder and non-negligent manslaughter, forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, theft, simple assault, intimidation, destruction / damage / vandalism of property.

Illegal Weapons Possession: The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature. Included in this classification are the following: the manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using, manufacturing, etc., silencers; furnishing deadly weapons to minors; aliens possessing deadly weapons; and attempts to commit any of the above.

Drug Law Violations: The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. This includes the unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance, as well as any arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

Included in this classification are the following: all drugs, without exception, that are illegal under local or state law; and all illegally obtained prescription drugs.

Liquor Law Violations: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages-not including driving under the influence and drunkenness. The following are included in this classification: the manufacture, sale, transporting, furnishing, possessing, etc., of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; underage possession; using a vehicle for illegal transportation of liquor; and drinking on a public conveyance.

Attempted Crimes: This report does not differentiate between attempted and completed crimes. For example, an incident involving an attempted forcible rape is counted as a forcible sex offense. The only exception to this rule applies to attempts or assaults to murder when the victim does not die. These incidents are classified as aggravated assaults rather than murders.

Domestic Violence: Felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim, or anyone else protected under domestic or family violence law.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate victim. The existence of such a relationship is determined by length and type of relationship and the frequency of

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her safety or the safety of others, or to suffer substantial emotional distress.

Crime Statistics as supplied by Logan City Police Department:

| Category | Fiscal Year 2017-18 | Fiscal Year 2018-19 | Fiscal Year 2019-20 |
|---|------------------------|------------------------|------------------------|
| Parking Violations | 0 | 8 | 14 |
| Criminal Arrests & Citations (non-Drug & Alcohol) | 6 | 3 | 1 |
| Criminal Arrests – Drug and Alcohol Related | 0 | 1 | 2 |
| Larceny-Theft | 4 | 2 | 1 |
| Simple Assault | 0 | 0 | 0 |
| Intimidation | 0 | 0 | 0 |
| Destruction, damage, vandalism of property | 0 | 1 | 3 |
| Other Non-Criminal | 49 | 77 | 66 |
| Sexual Assault/Abuse | 0 | 0 | 0 |
| Domestic Violence, Stalking, Dating Violence | 0 | 0 | 0 |
| Total Reportable Incidents | 59 | 92 | 87 |

Bridgerland Technical College Fire Safety Report

The Higher Education Act requires disclosure of fire safety standards and measures for on-campus student housing facilities by October first of each year.

Bridgerland does not provide any on-campus housing.
