

NO COST DENTAL BENEFIT PROGRAM

There is NO COST (premium) to participate and ALL family members qualify.

Bridgerland Technical College has partnered with the Dental Benefit Program who has negotiated substantial discounts with local dentists throughout the western U.S. for all Bridgerland Technical College students, staff and their families. To obtain your benefit card, go to the website below and click on the "Get Started" button to begin the activation process.

www.dentalbenefitprogram.com

Using **Group ID # U101** follow the online instructions for card activation. Be sure to identify that you have not yet received your card and would like one sent to you. Within a few days the card will be mailed directly to your home. Upon activation, you will be able to see all the participating dentists as well as the discounted fee schedules.

We are glad you are a part of Bridgerland and hope you take advantage of this special program.

For further questions, contact Dental Benefit Program at:

888-397-6453

Dear **Bridgerland Technical College** Students,

The **BTECH** has acquired and is making available directly to you, our students, a unique **dental benefit**, which can cover you, your dependents and family. There is **NO COST (premium)** to participate in this **Dental Benefit Program (DBP)**. The participating dentists have agreed to a 20%-25% discount off of their average regular dental fees. To participate, you will need an activated "Dental Benefit Card", which you must present at the time service. Using the **Group ID # (BATC101)** located on the front of the sample card below, you can activate your dental benefit **immediately** at www.dentalbenefitprogram.com. Click on "Get Started" then "I have received a Group ID# only and.....", then after completing and submitting the registration page, you will be assigned a **Patient ID #** that you will need to write down on the sample card below, in the space provided. Your permanent card will be mailed to you in 3-5 working days. Should you need to see a dentist immediately, you can use this letter with your Group and Patient ID #s at the dental office you select. The negotiated dental fee schedule and a list of participating providers can be accessed online using both your Group and Patient ID numbers to log in.

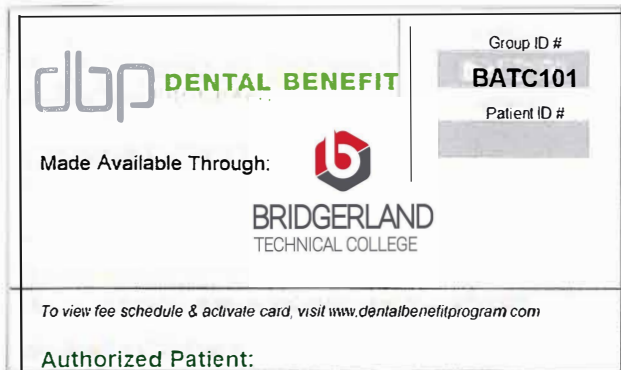

Your dental benefit card can only be used at offices of members belonging to the Dental Benefit Program panel. You will need to make payment arrangements with the dentist at the time of service. Individuals, employers, associations, universities and other groups recognize that this program is not only cost effective, but eliminates all of the headaches associated with traditional dental insurance such as; deductibles, co-payments, waiting periods, exclusions and annual maximum benefit limitations.

Along with this valuable dental benefit, the **Bank of the Cascades** and the **Dental Benefit Program** have partnered to offer you, with active Patient ID #s, a remarkably easy way to budget and pay for dental work. We have made it simple for you to set up a **free federal Health Savings Account**, void of typical set up fees and annual charges. We've made it easy with all the information and forms available through the website www.dentalbenefitprogram.com.

All our participating dentists are proud to offer you the very best services at affordable prices. These practices offer all phases of dentistry including: cosmetics, implants, bridges, crowns, restorations, dentures, root canals, extractions, and teeth whitening.

We hope you find this program of value and encourage you to use this dental benefit at a participating dentist of your choice.
